

I love the 'Do Not Call' law! Since I signed up for it upon it's inception, the calls have dropped off nearly 100% and I am very grateful. I can actually answer my phone again! If you let it 'weaken' I will have to go back to 100% screening my calls ... what kind of way is THAT TO LIVE? Please keep the 'Do Not Call' law intact just the way it is! Thank you for your consideration,
